

## Aurora Medical Center Kenosha Nursing

Aurora Medical Center Kenosha is a comprehensive urban hospital with 74 beds, serving the communities of Racine and Kenosha, WI and Northern Illinois across three specialized locations. With a team of nearly 400 nurses, we deliver personalized, high-quality care that consistently achieves outstanding outcomes – particularly in cardiac care, women’s health, cancer treatment and maternity services. Recognized as a level IV trauma center and a Stroke Center of Excellence, our hospital has earned national acclaim from U.S. News & World Report for excellence in cancer and maternity care. We are proudly advancing on our journey toward Magnet® recognition through American Nurses Credentialing Center, a testament to our commitment to nursing excellence and professional growth.
