

Advocate Good Shepherd Hospital Nursing

Advocate Good Shepherd Hospital is a 176-bed community hospital located in Barrington, Illinois, and is part of Advocate Health, a national leader in clinical innovation, health outcomes, patient experience, and value-based care.

As a designated level II trauma center, primary stroke center, and level II+ nursery, Advocate Good Shepherd specializes in cardiac, neurological, orthopedic, maternity, and cancer care delivered with safety, compassion, and a holistic approach. Nursing staff at Good Shepherd are dedicated to achieving optimal outcomes by actively involving patients and their families in the care process. The hospital's commitment to nursing excellence is reflected in its three Magnet® designations, highlighting outstanding nursing performance and a strong focus on superior patient care.
